Wedding Photography in Hamilton, Burlington, Oakville and Stoney Creek is directly linked to Mario Mule.

Mario Mule has started the photography division for AMV and CMP. His expertise had him shoot celebrities such as Sheep Dog (Great Rock Band) , Ron Foxcroft (FLUKE TRANSPORT AND FOX 40 WSTLES), Jon Joyce (Mr. Tim Horton...), Justin Trudeau (Uprising Politician for Canada) and many more!

Mario Mule has written guidelines about photography and also teaches the art too! We just don't provide the service, we implement and deliver the service. With his team of Carmine DeLuca and Una Schieber you receive the most consistent team in the industry! We do not subcontract to students out of college AND book multiple weddings. When we book your wedding, you receive a PHOTOGRAPHER with a minimum of 200 weddings and engagements as experience! OWNER OPERATED, your wedding day will focus on candid photography along with a formal approach. We capture the groom getting ready, the Bride's preparation, the wedding ceremony at the church or designated location along with park and the wedding reception. We have a great deal of experience with these halls and come highly recommended!
